Electronic & Manual Scoring after event

DSI

Dallas Senior Interclub

Things have improved greatly and continue to improve! We rely more and more on the Website. But the single biggest issue remaining is that even in the best conditions, the scoring takes a long time at the end of the event. In worst conditions it becomes almost unbearably slow!

Therefore we are implementing a new way to do scoring at the end of the event. It consists of two parts; one using the website and one manual. The manual system will ensure that all teams agree with their counterpart team (the one they rode with that day) on what the scores should be.

ONLINE POSTING - The new process is as follows:

- At the end of each round, one member of the foursome can use the website and enter the four player's accumulated points. Please note that only one should login and enter but the others are free to also login and see what was entered.
 - (if all people have trouble logging in OR do not want to), just turn their cards into their Captain's and the Captain's can enter the scores for them.
- DO NOT TURN IN YOUR CARDS TO DSI OR PRO's YET; GIVE ALL CARDS TO YOUR CAPTAIN at the table where lunch is served.
- Captain's can enter any scores that the players do not want to enter.

Manual Sheets - In addition to online posting, each club at each table will fill out a manual sheet that has the teams from their clubs and the sheets from the counterpart team (the one they rode with that day). Please fill out the points and scores for your club as well as the counterpart club.

How to post scores ONLINE using the Website

Login to: <https://www.dallasseniorinterclub.com>
and go to tab: ElectronicPosting

Electronic Posting
(this should display your pairing)
You may click on "POINTS" and then enter the points earned
The only other field you can edit is the comments field

PAIRING	FIRST NAME	LAST NAME	QUOTA	SCORE	POINTS OBTAINED
1141	Player	Number1	12	-12	0 GO
1141	Player	Number2	21	-21	0 GO
1141	Player	Number3	26	-26	0 GO
1141	Player	Number4	25	-25	0 GO

You will see something like the above appear. Note the above is what would show IF you are one of those four players. The website knows who you are and who you are playing with so when you go to the screen **it will automatically show the four players in your group (with the real names of course!)**. At the end of the round, enter the POINTS you were able to get, one at a time and press "GO". It will automatically calculate the SCORE (+, even or -).

1141	Player	Number2	21	-2	19 GO
1141	Player	Number3	26	2	28 GO
1141	Player	Number4	25	-1	24 GO

This is an example of what it would look like if Player 1 got 15 points, Player 2 got 19 points, Player 3 got 28 points and Player 4 got 24 points.

Since it knows the quota it will automatically calculate the SCORE as (+, even or -)

1141	Player	Number4	25	-25	GO

IF YOU ARE A CAPTAIN OR ASSISTANT, you have one more option available. If one or more players on your team have problems signing in OR do not want to use the system, **you have a PAIRING ID box available**. You will have the PAIRING ID's for all teams from your club. You can manually enter the PAIRING ID and that foursome will appear. You can then enter the scores for them.

After the event, each table inside will have a sheet (like the one above) that has YOUR team and who you played with. Each sheet will have your club's five teams and the five teams from the club you played with that day. Please enter the points, calculate the scores (+, even or -) for YOUR club AND the club you played with. Cross off the worst two scores on your club and the other club, total the scores for both teams. The other club will do the same. By comparing the scores after both clubs fill them out, we can be sure that everyone agrees to the final score. The DSI staff will collect the sheets after you have completed them along with the original scorecards. These will be used to validate what players have posted online OR to complete any that were NOT posted online.

Summary

After the event:

Online Posting

- One person from each foursome can log into the website at
 - <https://www.dallasseniorinterclub.com>
 - click on "ElectronicPosting"
- It will automatically open up with the foursome you are playing with (based on who you are logged in as)
- Enter all four players points they obtained and it will automatically calculate their scores
 - NOTE: even though only one person should enter for all four, the others can login to see what was posted
- Turn in all scorecards to your CAPTAIN!!!
- If anyone has trouble posting online, turn your card into the Captain anyway and he can enter the team online
 - (if the Captain has problems, just proceed on to the Manual portion)

Manual sheets

- Regardless of success of posting online, please fill out the sheets on your tables. It will have all players on your team and the players from the club you played with that day (paired in cart groups).
- Turn sheets and all players scorecards into DSI staff when you have completed them
